## Independent Auditor's Report

To the Board of Directors of  
Girls Incorporated of Omaha and Subsidiaries  
Omaha, Nebraska:

### Report on the Audit of the Consolidated Financial Statements

#### *Opinion*

We have audited the consolidated financial statements of Girls Incorporated of Omaha and Subsidiaries (collectively, "the Organization") which comprise the consolidated statements of financial position as of December 31, 2024 and 2023, and the related consolidated statements of activities, cash flows, and functional expenses for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of December 31, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Responsibilities of Management for the Consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for one year after the date that the consolidated financial statements are available to be issued.

### ***Auditor's Responsibility for the Audit of the Consolidated Financial Statements***

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Note 1 - Principal Activity and Significant Accounting Policies****Organization**

Girls Incorporated of Omaha (Girls Inc.) serves girls of ages 5 through 18, and college students, with various gender specific programs designed to provide the girls with activities and experiences which meet their needs to be Strong, Smart and Bold. Programs include health and wellness (Strong), education (Smart), life skills (Bold) and general activities at the center. Girls Inc. is supported primarily through local donor contributions, grants, and the United Way.

**Principles of Consolidation**

In addition to Girls Inc., the consolidated financial statements include the accounts of Barker Avenue House, LLC and Protégé House, LLC because they are wholly owned subsidiaries of Girls Inc. All significant intercompany accounts and transactions have been eliminated in consolidation. Unless otherwise noted, these consolidated entities are hereinafter referred to as “the Organization.”

**Basis of Accounting and Presentation**

The Organization maintains its accounting records and prepares its consolidated financial statements (collectively, financial statements) on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). The accompanying financial statements have been prepared in accordance with accounting standards for financial statements of not-for-profit organizations. Under these standards, net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

- *Net Assets Without Donor Restrictions* – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions, although they may be designated by action of the Board of Directors.
- *Net Assets With Donor Restrictions* – Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

**Cash, Cash Equivalents, and Restricted Cash**

All cash and highly liquid financial instruments with original maturities of three months or less, which are neither held for nor restricted by donors for long-term purposes, are considered to be cash and cash equivalents. Cash, cash equivalents, and restricted cash included in investments are excluded from this definition. Restricted cash includes cash held for capital projects and scholarships as well as agency funds.

### Contribution and Grant Receivables

The Organization records unconditional promises to give, including contribution and grant receivables, that are expected to be collected within one year at net realizable value. Unconditional promises to give expected to be collected in future years are initially recorded at fair value using present value techniques incorporating risk-adjusted discount rates designed to reflect the assumptions market participants would use in pricing the asset. In subsequent years, amortization of the discounts is included in contribution revenue in the consolidated statements of activities.

Contribution and grant receivables are reviewed for collectability and a provision for uncollectible amounts is recognized based on management's judgment and an analysis of individual donors, past collection experience and other relevant factors. At December 31, 2024 and 2023, no allowance was recorded against contribution and grant receivables.

### Investments

Investment purchases are recorded at cost, or if donated, at fair value on the date of donation. Thereafter, investments are reported at their fair values in the consolidated statements of financial position. Investment return, net is reported in the consolidated statements of activities and consists of interest and dividend income, realized and unrealized capital gains and losses, less external and direct internal investment expenses. Gains or losses on investments are recognized as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulations or by law.

### Property and Equipment

Property and equipment additions over \$2,500 are recorded at cost, or if donated, at fair value on the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets as follows:

Buildings and improvements	5 - 39 years
Furniture, fixtures and equipment	5 - 15 years
Vehicles	5 years
Website	5 years

When assets are sold or otherwise disposed of, the cost and related depreciation are removed from the accounts, and any resulting gain or loss is included in the consolidated statements of activities. Costs of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently.

The carrying values of property and equipment are reviewed for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the years ended December 31, 2024 and 2023.

**Right of Use Leased Asset and Liability**

Right of use leased assets and the related liabilities are recognized at the lease commencement date and represent the Organization's right to use an underlying asset and lease obligations for the lease term. Right to use leased assets are measured at the initial value of the lease liability plus any payments made to the lessor before the commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of the lease term, plus any initial direct costs necessary to place the lease asset into service. Right to use leased assets are amortized over the shorter of the lease term or the useful life of the underlying asset using the straight-line method. The amortization period varies among the leases.

**Revenue Recognition**Contributions and Grants and United Way Funding

Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met. The Organization recognizes special events revenue equal to the fair value of direct benefits to donors, and contribution income for the excess received when the event takes place. Indications of intentions to give are not recognized until the cash or other assets are received. Contributions and grants and United Way funding are recognized as net assets with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified as net assets without donor restrictions and reported in the consolidated statements of activities as net assets released from restrictions.

Special Event Revenue – Sponsorships

The portion of sponsorship revenue that relates to the commensurate value the sponsor received in return is recognized when the related events are held and performance obligations are met.

Special Event Revenue – Ticket Sales

The portion of ticket sales that relates to the commensurate value the attendee receives in return is recognized when the related events are held and performance obligations are met.

**In-Kind Contributions**

In-kind contributions include donated professional services, donated equipment, and other in-kind contributions which are recorded at the respective fair values of the goods or services received (Note 13). The Organization does not sell donated gifts-in-kind. In addition to in-kind contributions, volunteers contribute significant amounts of time to program services, administration, and fundraising and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Contributed goods are recorded at fair value at the date of donation. No significant contributions of such goods or services were received during the year ended December 31, 2023.

The Organization also receives gifts-in-kind for use in various fundraising events. For situations in which the Organization is functioning as an agent or intermediary with respect to the gifts-in-kind, the Organization reports an asset and corresponding liability measured at the fair value at the earlier of the time the goods are promised or received from the resource provider, and until the Organization remits the gifts-in-kind to the ultimate beneficiary.

### **Advertising Costs**

Advertising costs are expensed as incurred and amounted to \$29,091 and \$2,253 for the years ended December 31, 2024 and 2023, respectively.

### **Functional Allocation of Expenses**

The costs of program and supporting services activities have been summarized on a functional basis in the consolidated statements of activities. The consolidated statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefitted. The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated by an estimate of time spent include salaries, employee health and retirement benefits, and payroll taxes. Overhead costs are allocated using an estimate of square footage. Overhead costs include depreciation, occupancy and maintenance, insurance, and supplies.

### **Income Taxes**

Girls Inc. is a not-for-profit organization as described in Section 501(c)(3) of the Internal Revenue Code and has received a determination letter that it is exempt from federal income taxes on related income pursuant to Section 501(a) of the Internal Revenue Code. The Internal Revenue Service has established standards to be met to maintain Girls Inc.'s tax exempt status.

Barker Avenue House, LLC and Protégé House, LLC are single member limited liability companies that have elected to be treated as disregarded entities. As such, the companies are not subject to federal income tax, but rather, their income or loss is allocated to Girls Inc.

Management believes that each entity has appropriate support for any tax positions taken affecting its annual filing requirements, and as such, does not have any uncertain tax positions that are material to the financial statements. The Organization would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

### **Estimates**

The preparation of financial statements in conformity with GAAP requires the Organization to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, and those differences could be material.

Notes to Consolidated Financial Statements

December 31, 2024 and 2023

### Subsequent Events

The Organization has evaluated subsequent events through May 21, 2025, the date the financial statements were available to be issued.

### Note 2 - Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the consolidated statements of financial position date, comprise the following:

	2024	2023
Financial assets at year end		
Cash and cash equivalents	\$ 347,974	\$ 585,108
Receivables -		
Contribution and grant	2,212,630	1,158,830

Financial assets available to meet general expenditures over the next twelve months	\$ 5,211,183	\$ 4,376,985

The Organization maintains cash and cash equivalents on hand to meet its normal operating expenses based on its annual budget. Operating expenses are compared to budgeted expenses on a monthly basis and liquid financial assets on hand are adjusted as necessary. As part of its liquidity management, donor-restricted cash for capital projects and scholarships are held in separate checking accounts. The Organization invests cash in excess of daily requirements in various marketable securities, which are included as investments in the consolidated statements of financial position.

The Organization also maintains endowment funds which are primarily held in investment accounts. The Organization has board designated endowment funds for operations that could be made available to meet unexpected liquidity needs, if needed. Such funds amounted to \$5,434,301 and \$3,450,009 as of December 31, 2024 and 2023, respectively. Donor-restricted endowment funds are not available for general expenditure.

**Note 3 - Contribution and Grant Receivables, Net**

A summary of contribution and grant receivables, net had discount rates between 9.65% and 9.77% and are as follows at December 31, 2024 and 2023:

	2024	2023
Future operations	\$ 1,142,433	\$ 915,000

One to four years	<u>966,000</u>	<u>200,000</u>
Contribution and grant receivables	<u>\$ 2,325,228</u>	<u>\$ 1,158,830</u>

**Note 4 - Employee Retention Credit**

During the year ended December 31, 2023, the Organization applied for and expects to receive approximately \$431,000 in Employee Retention Credits under the American Recovery Plan Act of 2021. These funds are included in other income in the consolidated statement of activities for the year ended December 31, 2023 and included in other receivables as of December 31, 2024 and 2023. The Organization's credit filing remains open for potential examination by the Internal Revenue Service through the statute of limitations, which has varying expiration dates extending through 2027. Any disallowed claims resulting from such examinations could be subject to repayment to the federal government.

**Note 5 - Conditional Promises to Give**

In 2024, the Organization received a grant for \$200,000, dependent upon securing operating contributions for the current fiscal year and the year thereafter (2024-2025). During the year ended December 31, 2024, the Organization recognized \$200,000 of contribution revenue as the funding was secured and the conditions were met. There was no remaining conditional balance at December 31, 2024.

In 2024, the Organization received a grant for \$11,222,182 for the South Center Project, which is conditional upon submitting all initial budget and other required documentation and expenditure of funds in accordance with the budget. Additionally, a portion of the grant is also conditional upon raising certain matching funds. As of December 31, 2024, none of the conditions had been met and the entire balance was conditional.

**Note 6 - Fair Value Measurements**

Certain assets are reported at fair value in the financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal, or most advantageous, market at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique. Inputs used to determine fair value refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available. A three-tier hierarchy categorizes the inputs as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that can be accessed at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs.

Level 3 – Unobservable inputs for the asset or liability. In these situations, inputs are developed using the best information available in the circumstances.

In some cases, the inputs used to measure the fair value of an asset or a liability might be categorized within different levels of the fair value hierarchy. In those cases, the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. Assessing the significance of a particular input to entire measurement requires judgment, considering factors specific to the asset or liability. The categorization of an asset within the hierarchy is based upon the pricing transparency of the asset and does not necessarily correspond to the Organization's assessment of the quality, risk, or liquidity profile of the asset or liability.

The following methods and assumptions were used to estimate the fair value for each class of financial instrument measured at fair value. For the years ended December 31, 2024 and 2023, the application of valuation techniques applied to similar assets and liabilities has been consistent.

Money market funds – Funds are reported at fair value using quoted market prices.

Mutual funds – All mutual funds are traded on a national securities exchange and are valued at the net asset value of the underlying investments.

Common stock – Common stock is traded on a national securities exchange and is valued at the latest quoted market prices.

Depreciation expense totaled \$680,598 and \$721,709 for the years ended December 31, 2024 and 2023, respectively.

**Note 8 - Commitments and Contingencies**

The Organization entered into a license agreement with a medical organization to operate the licensed health clinic. The license agreement is for a five year period which began on November 21, 2016, with automatic renewals of one year terms, unless the agreement is terminated according to the license provision. The Organization will provide utilities, maintenance, security, and appropriate insurance for the building. The license will provide certain other minimum insurance coverage. There is no rental fee established in the agreement.

The Organization has entered into contracts for fundraising and consulting services. Amounts paid annually under a contract for general services for the years ended December 31, 2024 and 2023 were approximately \$75,000 and outstanding commitments at December 31, 2024 were \$0 under this contract. Additionally, the Organization has a contract for a capital campaign wherein they will pay 1% of the total amount raised by the company as well as \$10,000 for the pre-launch phase of the campaign. Payments began in October 2022 and conclude in the year ending December 31, 2026. Total payments made for this contract in the years ended December 31, 2024 and 2023 were approximately \$25,000 and \$16,000, respectively.

**Note 9 - Leases**

The Organization leases certain office facilities under a long-term, non-cancelable operating lease agreement. The lease is expected to expire June 2027. The Organization includes in the determination of the right-of-use assets and lease liabilities any renewal options when the options are reasonably certain to be exercised.

The weighted average discount rate is based on the discount rate implicit in the lease. If the implicit rate is not readily determinable from the lease, the Organization estimates an applicable incremental borrowing rate. The incremental borrowing rate is estimated using the prime interest rate less 1% at the date of the lease agreement. The weighted-average discount rate of 7% as of December 31, 2024, is based on the incremental borrowing rate.

Rent expense of \$10,000 for the year ended December 31, 2024 is included in miscellaneous expense on the accompanying consolidated statement of functional expenses.

The future minimum lease payments under noncancelable finance leases with terms greater than one year listed below as of December 31, 2024.

<u>Year Ending December 31,</u>	
2025	\$ 60,000

## Note 12 - Endowments

The Organization holds endowment funds for support of its programs and operations, scholarships, and the ongoing operations and maintenance of its facilities. As required by GAAP, net assets and the changes therein associated with endowment funds, including funds designated by the Board of Directors of the Organization (the Board) to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Management has interpreted the Nebraska Uniform Prudent Management of Institutional Funds Act (NUPMIFA) as requiring the preservation of the whole dollar value of the original gift as of the gift date of donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as net assets with donor restrictions (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Absent any donor-imposed restrictions, interest, dividends, and net appreciation of donor-restricted endowment funds are classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by NUPMIFA.

In accordance with NUPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund.
2. The purposes of the Organization and the donor-restricted endowment fund.
3. General economic conditions.
4. The possible effect of inflation and deflation.
5. The expected total return from income and the appreciation of investments.
6. Other resources of the Organization.
7. The investment policies of the Organization.

### Return Objectives and Risk Parameters

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets and to comply with all donor-imposed restrictions. Under these policies the endowment assets are invested in a manner that attempts to preserve the capital while maximizing total returns over long periods of time primarily through capital appreciation and dividends. The Organization expects its endowment funds, over time, to provide an average rate of return of approximately 6% annually. Actual returns in any given year may vary from this amount.

### Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objective of preserving endowment funds, the Organization has relied on a total return strategy in which investment returns are achieved primarily through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Organization targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Endowment assets are invested using the following asset allocation range:

Domestic stocks	20 - 50 %
International stocks	10 - 30
Bonds	15 - 40
Alternative investments	5 - 30
Cash and cash equivalents	0 - 15

Appropriation Policy and How the Investment Objectives Relate to Appropriation Policy

The Organization preserves the whole dollar value of the original gift as of the gift date of donor-restricted endowments, absent explicit donor stipulations to the contrary. Interest, dividends and net appreciation of the donor-restricted endowment funds are deemed appropriated for expenditure when spent. The Organization has a spending policy of 5 – 7% annually.

**Note 13 - In-Kind Contributions**

During the year ended December 31, 2024, the Organization received in-kind contributions without donor restrictions for program functions as follows:

	<u>2024</u>
Supplies	<u>\$ 11,886</u>

The value of supplies is determined through research of the market value of similar products.

**Note 14 - Retirement Plan**

The Organization participates in a defined contribution 403(b) plan which is available to all employees immediately upon employment. The Organization will contribute an amount equal to the elective deferral of the participant up to the first 5% deferred. Total expense for the program for the years ended December 31, 2024 and 2023 was \$50,883 and \$52,555, respectively.

**Note 15 - Related Party Transactions**

The Organization received support of approximately \$164,000 and \$620,000 for the years ended December 31, 2024 and 2023, respectively, from related parties, primarily board members. As of December 31, 2024 and 2023, \$0 and \$250,000, respectively, was included in contributions receivable from related parties. In addition, the Organization paid approximately \$35,000 and \$85,000 for the years ended December 31, 2024 and 2023 to an employer of a board member for repair contracts and capital projects.

**Note 16 - Concentrations, Risk, and Uncertainties**

The Organization routinely invests its funds in fixed income and equity mutual funds and one common stock. Investment in these securities is not insured or guaranteed; however, management believes that credit risk related to these investments is minimal.

Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

The Organization, at times, may maintain cash deposits in excess of Federal Deposit Insurance Corporation (FDIC) insurance limits. Accounts are guaranteed by the FDIC up to \$250,000, per insured bank, for each account ownership category. At December 31, 2024 and 2023, the Organization had approximately \$3,000 and \$292,000, respectively, in excess of FDIC-insured limits.
